JL, re Judge Battle HW 4/10/80

These records are from 44-2031-7 and 44-30948-2. It has been so long since I made copies I no longer recall the purpose. It is clear that these FBI records also are in CRD files, from which we did not get them, but it is not clear that they are required to have been provided by CRD. I have two copies, so they are both attached. Both are Battle files.

Each has a left marginal note, "See Index." I find myself wondering why because ordinarily one does not have to be told to consult an index.
